
Achievements & Credentials

The following is a brief outline of POSATEL INC achievements and contributions in providing Retailer-Consumer Financial Solutions:

- One of the largest independent networks of Point of Sale terminals in Canada.
- POSATEL INC has developed a unique Windows Application Triggering System that embeds itself into a merchant's till software and is capable of providing services in a seamless manner without creating programming interfaces.
- POSATEL INC has currently the most known services residing on a single point of sale device.
- POSATEL INC one of the first companies worldwide to introduce the sale of virtual vouchers for landlines.
- POSATEL INC provides competing networks to sell their prepaid vouchers from the same device. A relationship that is rooted in loyalty and mutual trust.
- POSATEL INC has worldwide system installations.
